January-February 2010

Dear Friends in Christ,

We have been very busy these last two months. God has been very good to us, and continues to open new doors for our ministry.

Russell Raymer operates our filming at UCLA (Christian Anniversary) in Monterrey, Mexico. He keeps us supplied with DVDs and he is always working on new courses. They film, edit, format, label and then bring them to us. We label the boxes and do the ordering and shipping. We are amazed and excited about how God continues to bless this ministry.

The so called Drug-Cartel-Border-Conflict has affected our summer mission trips. We are asking the Lord to please secure these areas and allow our summer mission trips to return to normal. Would you please make this a matter of prayer for us? We are now requesting summer mission trip people to fly directly into Monterrey, Mexico. This is safer and easier for both of us.

Eddie had Surgery on his right knee November 30th. He is not really happy with the results. The surgery improved the knee, but did not solve the problem completely. He is learning to live with it, and do whatever he is able to do.

January 11th he had cataracts removed and lens implanted in his right. Then January 29th he had the same surgery performed on his left eye. So far, he has a little neat-sightedness in both eyes. He is wearing glasses to correct his near-sightedness and he must wear sun glasses when outside. He is very happy with his eye surgery results.

We are going to the Bethel Baptist Church reunion at Pensacola, Florida, during the month of June. Bethel is located at Rota, Spain and was our first ministry. What a blessing to see all the lives, which God has touched through this ministry over these years.

We have meetings scheduled in October and November. During the month of November, we will be on the east coast in Mission Conferences and visiting our supporting church.

THANKS!!!... for your love, concern, prayers and financial support. May we work hard and look for His coming!
